ATMS urges the natural therapies industry to Change, Lead and Succeed

ATMS 29th AGM to be held on Sunday, 22 September in Tweed Heads NSW

Members of the Australian Traditional Medicine Society (ATMS), the leading national association of natural medicine practitioners, will spend a weekend in the Northern NSW town of Tweed Heads for the 29th Annual General Meeting (AGM) on Sunday, 22 September 2013.

The natural therapies industry has seen many challenges and changes in recent times, and this year's AGM will focus on the theme of 'Change, Lead, Succeed'; encouraging members to embrace new opportunities and strive for a strong and successful future. ATMS will celebrate all the progress made so far, and share the strategic plans and activities intended to assist members to grow and prosper in the coming 12 months and beyond.

Thanks to Marsh Insurance, ATMS will also be giving away 10 Simon Schott education grants valued at \$1,000 each at the AGM; designed to support accredited and student members with their continuing education.

The AGM weekend will provide members with the opportunity to meet the new ATMS board and executive team, as well as swap information, tips and ideas with other members and practitioners. Members will also be able to enjoy a variety of optional tours and activities in the Tweed Heads area on the Saturday.
