<td>Natural medicine is a holistic approach to the prevention, assessment and therapeutic management of a wide range of disorders in the community. Natural medicine practice is founded on the development of a relationship and the implementation of therapeutic strategies based on holistic principles. Natural medicine encompasses a diversity of practices to improve the health status of the individual and community for the common good.</td>
<td>The aim of this Code of Conduct (Code) is to advise Members of conduct by Members towards clients, colleagues, the natural medicine profession, the larger community that is acceptable to the Australian Traditional-Medicine Society Limited ABN 46 002 844 233 (ATMS), as well as what constitutes unacceptable behaviour. This Code also reflects the values of the ATMS and should be read in conjunction with the ATMS Constitution (as amended from time to time). In any situation where this Code or any of the elements within it appear to be in conflict with any applicable national, state, territory or local law, that law will prevail.</td>

An intention of the Code of Conduct is to identify potential ethical dilemmas and assist ATMS members in avoiding them. ATMS members are accountable for their actions in professional practice and have moral and legal obligations for the provision of safe and competent practice.

The purpose of the Code of Conduct is to:

▪ identify the requirements for clinical practice in the natural medicine profession;
▪ identify the fundamental professional commitments of ATMS members,
▪ act as a guide for ethical and proper practice;
▪ clarify what constitutes unprofessional conduct; and
▪ indicate to the community the values which are expected of ATMS members.

Therefore, the Code of Conduct was established as the basis for ethical and professional conduct in order to meet community expectations and justify community trust in the judgement and integrity of ATMS members.

Adoption of and adherence to the Code of Conduct is a requirement of ATMS membership. A breach of the Code of Conduct may render an ATMS member liable for expulsion as a member. Members must also comply with all applicable legislation. It is the responsibility of Members to be aware of which legislation applies to their practice.

sanctions by ATMS, which may include expulsion from ATMS. In addition to this Code, Members must comply with the ATMS Constitution, any other policies or procedures adopted by ATMS from time to time and all applicable local, state, territory and national legislation. It is the responsibility of Members to be aware of which legislation applies to their practice. A Member’s failure to comprehend this Code or a Member’s lack of awareness of any element of this Code, or applicable legislation, is no defence against a breach of this Code. Copies of any ATMS Guidelines or Policy referred to in this Code (as applicable from time to time) may be viewed on the ATMS website.
1. Ethical Principles
1.1 Members conduct themselves ethically and professionally at all times.
1.2 Members render their professional services in accordance with holistic principles for the benefit and wellbeing of clients.
1.3 Members do no harm to clients.

1.4 Members maintain current professional knowledge, skills and attitudes through continuing professional education.

1.5 Members respect a client’s autonomy, needs, values, culture and vulnerability in the provision of natural medicine.

1.6 Members accept the rights of clients and encourage them to make informed choices in relation to their healthcare.

1.7 Members recognise the limitations of the treatment they can provide and refer clients to other appropriate healthcare professionals when necessary.

1.8 Members treat clients with respect, and do not engage in any form of exploitation whether financial,
physical, sexual, emotional, religious or for any other reason.
1.9 Members must have an understanding of any adverse interactions between the therapies and/or treatment provided or prescribed and any other medications or treatment the client is taking or receiving.

1.10 Members must work within their scope of practice.
1.11 The Member must behave with courtesy, respect, dignity and discretion towards the client, at all times respecting the diversity of individuals and honouring the trust in the therapeutic relationship.
1.12 Should a conflict of interest or bias arise, the Member shall declare it to the client, whether the conflict or bias is actual or potential, financial or personal.

There are no further clauses in this section of the 2016 Code.

financial, physical, sexual, emotional, religious or for any other reason.
1.9 Members must have a sound understanding of any adverse interactions between the therapies and/or treatment provided or prescribed and any other medications or treatment the client is taking or receiving.

1.10 Members must work within their scope of practice.
1.11 Members must behave with courtesy, respect, dignity and discretion towards the client, at all times respecting the diversity of individuals and honouring the trust in the therapeutic relationship.
1.12 Should a conflict of interest or bias arise, the Member must declare it to the client, whether the conflict or bias is actual or potential, financial or personal.
1.13 Members should take reasonable steps to ensure that any person to whom a Member refers a client for treatment has all of the capacities required to provide the care needed, prior to making the referral. Members should also take reasonable steps to ensure that, where the client has been referred to a registered medical practitioner, the treatment for which the client has been referred has been carried out. Members must ensure that all relevant details related to a referral are recorded in the client's clinical record.
1.14 Where a client is incapable of self-determination of their own health care needs, Members must ensure that they effectively involve and inform the parents, next of kin or guardian in administration of care and
decisions about the treatment of the client.

1.15 Upon receipt of payment, Members must provide the client with a valid receipt which includes the name of the client, the name of the practitioner who provided the treatment, the date of the treatment, the Member’s provider number where appropriate, the address and contact details of the clinic, the clinic ABN, details of the service provided, itemised costs and total cost, and applicable GST. For more on this, see the ATMS Guidelines on Receipts.

1.16 Members must all times keep their clinic premises in a well maintained and appropriately clean condition. The premises must be safe, fit for the purpose for which they’re intended, and must comply with all applicable legislation. The premises must allow for an effective level of therapy and an appropriate level of privacy.

1.17 The minimum requirements for a professional clinic shall be a separate clinic space for private consultations, a separate waiting area, and hygienic washroom and toilet facilities in accordance with local government requirements for healthcare treatment rooms.

1.18 Members shall not solicit clients from another practice or exploit their relationship as an employee, contractor or lessee of a clinic space with a view to soliciting clients from that practice.

1.19 Member must avoid expressing personal beliefs to people in ways that exploit the person’s vulnerability, are likely to cause them unnecessary distress, or may negatively influence their autonomy in decision-making.
1.20 Members must ensure that clients are aware of their right to make a complaint about any matter related to a potential breach of this Code or any applicable legislation. Members who receive a complaint in regard to their clinical practice should be guided by the ATMS Complaints Handling Guidelines.

1.21 Members must avoid performing any act or creating any impression that could be taken by a reasonable person that the Member holds a professional qualification to which she or he is not entitled.

1.22 Where a Member's clinical work regularly brings the Member into contact with children, Members must acquire a Working With Children Check clearance (or State or Territory equivalent) before doing so and ensure that this is renewed as required by law. The Member must also ensure that any employees or volunteers engaged by the Member have current Work With Children Check clearances (or State or Territory equivalent).

1.23 The Member must ensure that a current schedule of fees, cancellation policy and/or penalties and any other relevant conditions of their treatment, is displayed in a prominent place in the clinic and/or on the clinic website.

2. Duty of Care

2.1 Members must accept the rights of clients to make informed choices in relation to their healthcare.

2.2 Prior to commencing an assessment or treatment,
the Member must ensure that informed consent appropriate to that assessment or treatment has been obtained.

2.3 In providing assessments and treatment to clients, the Member must exercise reasonable skill, competence, diligence and care.

2.4 Members shall not misrepresent or misuse their skill, ability or qualification.

2.5 Members must not attempt to dissuade a client from seeking or continuing medical treatment.

2.6 A Member who forms the reasonable belief that another member has placed or is placing clients at serious risk of harm must refer the matter to the ATMS.

2.7 Members must take appropriate and timely measures to minimise harm to clients including but not limited to providing first aid assistance.

2.8 Members must adopt Standard Precautions for the control of infection. It is the Member's responsibility to be aware of Standard Precautions.

2.9 Members who carry out skin penetration must comply with the skin penetration legislation applicable in the State or Territory in which they carry out such procedures.

2.10 Members should assist a client to find other appropriate healthcare services if required.

2.11 Members must maintain a safe and hygienic practice.

2.7 Members who carry out skin penetration must comply with the skin penetration legislation applicable in the State or Territory in which they carry out such procedures.

2.8 Members should use reasonable endeavours to assist a client to find other appropriate healthcare services if required.

2.9 Members must advise clients of the possible risks and benefits of any treatment offered and encourage the client to make an informed choice about the treatment.

2.10 Members must advise a client with a notifiable disease to seek immediate medical attention.

2.11 Members must maintain a safe and hygienic practice.

2.12 Members must take appropriate action in
2016 Code.

2.13 Members must communicate and co-operate with colleagues and other health service providers and agencies in the best interests of their clients.

2.14 Members must be aware that as soon as they agree to treat a client, they have a duty of care to that client. Inherent in this is that, in the event that the treatment of the client is interrupted, the Member must take all reasonable steps to ensure continuity of care, and ensure that all relevant details related to this are recorded in the client's clinical record.

2.15 Members must not use, in treatment that they provide, products or devices that do not comply with applicable legislation.

3. Professional Conduct

3.1 The ATMS requires Members (who are not registered medical practitioners) who choose to adopt the title “Dr” in advertising, whether or not they hold a Doctorate or PhD, to make it clear that they do not hold a registration as a medical practitioner. In their advertising the title of “Doctor” or “Dr” will not be used, unless registered with a properly constituted Australian registration body. In advertising they should include a reference to their health profession whenever the title is used.

3.2 A Member’s membership and/or health fund provider number(s) shall only be used by that Member and no other person.

3.3 Members shall not provide false, misleading or response to adverse events. See the ATMS Guidelines on Dealing with Adverse Reactions for more on this.

3. Professional Conduct

incorrect information or documents, including without limitation, information or documents regarding health fund rebates, to any person or entity.
3.4 Members shall not advertise their accreditation with ATMS in relation to any modality or modalities for which they are not accredited with ATMS.
3.5 Members shall not denigrate any person or entity of the healthcare industry.
3.6 Members shall not engage in any activity, whether written or verbal, that will reflect inaccurately or improperly on natural medicine or ATMS.
3.7 Members must not provide treatment or care to clients while under the influence of alcohol or unlawful substances.
3.8 Members who are taking prescribed medication must obtain advice from the prescribing practitioner or dispensing pharmacist of the impact of the medication on their ability to practise and must refrain from treating or caring for clients in circumstances where their capacity is or may be impaired.
3.9 All medicines must be supplied in accordance with the relevant therapeutic goods and consumer legislation. All assessment and treatment devices must be properly maintained and fit for purpose.
3.10 Members offering distance consultations must conduct them in accordance with the ATMS Online Audio Visual Consultation Policy.
3.11 The Member must ensure that appropriate insurance arrangements are in place for their practice.

There are no further clauses in this section of the 2016 Code.

4. Professional Boundaries

4.1 A Member must not engage in a sexual or other inappropriate personal, physical or emotional behaviour or relationship with a client.

4.2 A Member must ensure that a reasonable period

3.11 Members must ensure that they take out and maintain at all times appropriate insurance policies for themselves and their practice (including but not limited to Professional Indemnity and Public Liability insurance). Members should also be aware of the minimum policy values required for their particular provider status.

3.12 Members must inform ATMS immediately if they are charged or convicted of a criminal offence or are expelled or suspended from any other professional associations of which they have been a member.

3.13 The Member acknowledges that the making of frivolous, unsubstantiated or vexatious complaints by Members constitutes professional misconduct and is a breach of this Code.

3.14 Members must not engage in any activity, or transmit any communication, whether written or verbal, that will bring the natural medicine profession, the ATMS, its Directors or staff, or persons or entities of the healthcare profession, into disrepute.

3.15 Members must be aware that a client is not entitled to claim health fund rebates for a consultation or treatment by a family member.

3.16 A Member shall not use titles or descriptions that give the impression that she or he holds qualifications to which she or he is not entitled.
